

The Essex County Council (Epping Forest District) (Permitted Parking and Special Parking Area) (Amendment No. 7) Order 201X

Statement of Reasons

Lower Queens Road-Buckhurst Hill

The proposed area is within a short walking distance of the main line tube station and is regularly used by non-residents for parking. A resident parking and limited waiting scheme and the introduction of nominal double yellow lines incorporating a loading ban, will improve the parking provision for local residents and businesses and their visitors/customers and ensure that access and vision is un-obscured at the junction.

Merlin Way-North Weald

The extension to the current 24 hour Clearway is considered to be a necessary measure to deter HGV. Withdrawing the ability to park close to residential properties will allay the issues currently experienced and also serve to improve access on a road which can have regularly HGV overnight parking.
