

The District of Harlow (Waiting, Loading and Parking)
(Amendment No.11) Order 201X

Statement of Reasons

The Order is proposed to allow the introduction of additional permit types to allow parking for groups that are not currently catered for. These include Trader Permits, Carers Permits and Parking Partnership Permits. A six hour visitor permit is proposed to cater for visitors that require a shorter parking time that the current 24 hour visitor permits allow. The six hour visitor permit will be available as virtual, rather than hard copy, permits only.
